Agatha Christie's *The Mousetrap* enjoyed a successful production last fall to begin the dramatic year and mark the return of Mr. Anzalone as director after a two year absence. The play, a murder mystery, concerned six people snow-bound within a guest house. One gets murdered. One is the murderer.

FRANCIS TRACY

Principal

Mr. Francis Tracy describes his year at High Point as "one of the most satisfying years of my life." In September he came to his "first" year as a high school principal, knowing only that High Point was considered a "super" school.

Accepted immediately by both faculty and students, he found High Point to be "everything I thought — and more." He attributes this to the dedication, cooperation, and enthusiasm of everyone connected with the school. Mr. Tracy himself has put countless amounts of time and energy into the school, but he feels that he "has received even more in return."

The 1974 Eyry staff sincerely wishes Mr. Tracy the best in his future years at High Point.

Dedication

Her responsibilities as a vice principal have not varied greatly from year to year during all the years of her service to the High Point community, but Miss Comby is more than a vice principal and publicity correspondent, and any other responsibility she has maintained.

Through her contact with students, she has proven that there is another side to an administrator. The encouragement and kind words she gave when one felt down exemplifies the love and kindness she possesses.

The 1974 Eyry staff dedicates this yearbook to Miss Doris Comby, as the students of High Point bid her a fond farewell.

Physical Education

Physical Education is required of all sophomores. A wide range of activities is available for juniors and seniors electing various programs.

Classroom study of music is offered in Chorus II and Music Theory. Chorus III and IV are electives encouraging musically talented students to make public appearances.

The Symphonic and Marching Bands offer the same opportunity to instrumentalists. All these groups appear in concerts throughout the year.

Foreign Languages

Through the courses offered by the Department of Foreign Languages, the students study French, German, Latin, Russian, and Spanish to attain a broad range of scopes: acquire the highest possible degree of understanding, reading, writing, and (with the exception of Latin) speaking the language studied; cement the profoundly needed understanding and mutual respect of individuals and peoples, and comprehend the affinity and the role of many languages in different spheres of human activity and achievement. Many hands create a yearbook.

When many people share their time, leadership, and services, a yearbook to be cherished will be produced. We have many people to thank.

For photography, the 1974 Eyry staff extends its gratitude to Bill MacIntyre and his staff at MacIntyre Studios, especially Bonnie Moss, Hank Bachman, and Don Hicks. Also, a note for student photographers Craig Perini, Ellen Nagle, and Stan Holliday.

Over 170 sophomores, juniors, and seniors worked on "Yearbook Day." They were so successful that the staff was able to meet the budget demanded by a yearbook in color.

In addition to the sales personnel pictured below, we wish to commend Janet Carlson, Lori Collins, Diane Daniel, Debbie Higgins, Kathy Kotula, Nibedita Mohanty, Dawn Rhine, Ames Downey, Mary Floyd, Esther King, Jasmin Koutroumpis, Jeanette Rogers, Terry Soto, Robyn Bledsoe, Barbara Lubin, and Debbie Moses. These students worked during the lunch periods on yearbook subscriptions.

Typing help was rendered by volunteers Ames Downey, Kerry Buckel, and Sue Souder.

. . . The problems of the world essentially are the problems of individuals. If individuals can change, then the course of the world can change.

This is a hope worth sustaining.
